17	Birchwood
18	Birchwood
19	Otago/India
20	Bill F crew
End Big paddock	Maramarua/Bronwyn L crew

1000 litre water tanks will be placed along the showgrounds fence line to fill buckets in the paddocks without water.

Paddocks 1-17 will need water buckets for your horses please.

Paddocks 18-20 and the big paddock at the end have a creek running along the back of them.

Power will be around all paddocks. The gates must be kept shut at all times to keep the power flowing through the fences!

You don't need to pick up poo in these paddocks. They will be harrowed after we have finished with them.

There are to be no vehicles in the horse paddocks.

You are welcome to split your paddocks up as required. Bring your own tape for this please.

There will be a one off charge of \$25 cash per horse if using these paddocks please. This will be passed on to the landowner.

All inquiries to Anne Beattie please.
