

Flynn – For Sale on Behalf

16.2hh approx

10 years old

Irish x TB Gelding (Coalmans Touch lines)

Flynn has hunted with Eastern Southland (he is a green hunter, has jumped spars), lots of hound workouts, done stock work, been to jumping practice days and done some trekking. He is a sensitive sweet horse who just wants to please.

Flynn is still relatively green in his schooling, but he tries hard and I don't think it will take long for him to become consistent, he is forward moving.

He is an honest jumper and isn't worried about fill etc. Jumping around 80-90cm in courses and up to 1.05m in grids with ease. Still a lot of untapped potential in this area.

He has hacked out on his own and is a little looky at things he hasn't seen before, can get jig jogy but settles quickly to a walk, he has no dirt just needs more mileage in this area.

Great to handle, float, catch, lead, feed, quiet in the paddock, great around dogs. He can pull back when tied up however hasn't done this for a while.

Trademe listing #4060800974 - \$10,000 ono
